NOTE: It is possible that some or all vaccine doses you received were not reported to the California Immunization Registry (CAIR), and therefore your Digital Vaccine Record

may not be complete. If you have questions about your vaccination record, [visit our FAQ.](#) 

- Symbolizes that based on CDC recommendations the vaccine group is up to date.
- Symbolizes that the next dose for the vaccine group is upcoming and medically recommended.
- Symbolizes that the next dose for the vaccine group is overdue and medically recommended.
- Symbolizes to consult your healthcare provider.

1. *Invalid* means that a dose was not given according to the medical schedule. But, the dose may still meet school requirements.
2. *N/A* means that the dose has missing information in the registry and was excluded from vaccine forecasting.
3. *Complete or Aged out* means that a dose is not medically needed.
4. *Transcribed by* indicates that the clinic entered the information to CAIR but did not administer that dose.
5. *Combination vaccines* are listed multiple times - once for each disease they protect against.
6. *Extra Dose* means that the immunization was administered as an extra dose.

Definitions:
